Goodbye?

darksea14

Okay wow so. I kind of thought I would just dissapear wordlessly when I left this site like I was already doing but i've got to write this.
I'm not sure how many people here still know me. I joined in 2015 as a slightly naieve and immature child. In those early days, I was just having fun. I roleplayed and ran around doing cringy things that I admittedly don't really regret. It was fun, and that's all it was. But after a while, it grew into something more meaningful. In 2017 I lost my two oldest friends, Dusty and Lucy, which caused me to fall into depression. It was a really dark time for me, but there were always people there for me. Eventually, my wounds healed, and I'll never forget the part my friends here had in it.
I've been here a while. I've seen a lot of people come and go. I may not be a part of this "forum family" anymore, but I'll never forget the people who were a part of my forum family, and I'm happy for the new generation here.
In this place, I always had friends and people to go to when I felt alone in the real world. It was here where I learned that people with different beliefs and ideologies really weren't all that different from me. I learned to love my fellow humans more from the other people here. This place means a lot to me and... I guess it's about time to let it go.
But maybe I'm not as sad as I should be. The platform that all these amazing things happened on is going away, but the real treasures to me are the memories of my old friends and the friends I still have, and I'm never letting go of that.
To everyone who's been a friend to me over the years: thank you. You all have no idea what it's meant to me.
If you're worried about staying in touch with me, we can work something out. Again, thank you all so, so much, and God bless you all.

I'll miss you, Darksea, I remember when you joined. It feels so long ago, I can't believe we have to say goodbye so soon. I'll see you on the other side.. thank you for everything.

(may double post) I'll miss you Darksea. You're an amazing, funny, kind person, and I'm glad we're still able to be in touch. You helped make my time on the forums fun and I'm sorry you had to put up with my immature cringe back in 2015/16 (rereading my posts in you sicken me makes me cry inside)

I'm really gonna miss you, Darksea. I don't know you that well, but I've always thought you were a great person, and now I wish I'd gotten to know you better. You mentioned ways to stay in touch - I'm mostly just here, but I know there's a Discord server and a Wikia page. Are you on either of those?

I'm assuming that my previous post didn't go through, so I'm resending this.
Oncilla, thank you for being who you are. You're a wonderful person and I'll never forget you.
Requiem I regret that I didn't get to know you better, which is really my own fault, but thank you for being awesome. I wish you luck for the future and I hope we'll be able to stay in touch after the forums are gone.
Bluedolphin don't apologize! We were both cringy together XD You're a great and fun human being, and I count it as my honor to have been able to interact and be friends with you :) I love the times we had

together, especially roleplaying with you in You Sicken Me.
Firework, same here. I regret that I didn't spend as much time getting to know a lot of people here as I should have. You seem like a really cool person. But! Yes! I'll try and post how to contact me after this post.

It was great knowing you, Darksea! While we didn't really interact *too* much, you were still super fun to hang out with when we did.

See you later sometime!
